

Nitti®

PULL-ON HIGH CUT 23281

A well designed heavy duty 10-inch high cut safety boots with maximum foot and lower calf protection and pull-up straps. This boot is commonly used in the petrochemical, oil & gas, and marine industries.

SPECIFICATIONS

Type	: High Cut
Model	: Pull-on
Size	: 2-14 (UK) / 35-48 (EU)
Colour	: Black / Brown
Upper	: Water Resistant Leather
Lining	: Cambrelle®
Outside	: Direct Injection Polyurethane
Rating	: CE 20345:2011 S3 SRC

FEATURES

SOLE CONSTRUCTION

- Direct-injection Polyurethane outsole which provides lightweight comfort, non-marking, oil/abrasion/slip/chemical; resistance and unparalleled durability.
- Resistance against heat (heat to 130°C)
- Antistatic
- Shock absorbent

UPPER CONSTRUCTION

- Water Resistant Leather Upper which endures harsh conditions and provides soft, comfortable fit.
- Genuine Cambrelle Lining which is breathable, absorbs sweat quickly and dries rapidly to keep your foot dry and cool. Extremely abrasion-resistant for enhanced durability.
- High quality corrosion resistant toe-cap which surpasses CE 20345:2011 whereby standard impact resistance exceeds 200J and compression resistance exceeds 15,000N.
- Full-length flexible stainless steel midsole which exceeds CE 20345:2011 penetration resistance safety standards of 1,100N.
- Extra thick EVA cushion insole with shock absorption, anti-bacterial/fungal and anti-static properties. It also provides extra comfort for long hours of usage.
- Cushioned foot bed with anti-stress arch-support that minimizes sprains.
- Fibre counter for better heel support.

SHOCK ABSORPTION

SLIP RESISTANT

CHEMICAL RESISTANT
General, Diluted

PENETRATION RESISTANT
Midsole Exceeds 1,100N

HEAT RESISTANT
Up to 130deg°C

OIL RESISTANT

IMPACT RESISTANT
Toe Cap Exceeds 200J

COMPRESSION RESISTANT
Toe Cap Exceeds 15,000N

ANTISTATIC

ABRESION RESISTANT
